Programme offered by Continuing Education Programme (CEP), IIT Delhi

Programme Co-ordinator

Dr. Harish Chaudhry

Professor in Department of Management Studies,
Indian Institute of Technology Delhi

After completing his B-Tech from IIT Kanpur, PGDM from IIM Bangalore and PhD from IIT Delhi, Prof. Harish worked in companies like Dunlop, NIIT and RAAG Systems before joining academics. An outstanding teacher, he has deep marketing academic experience in marketing research, advertising, sales promotion, product management, sales and distribution, and digital marketing. He has organised hundreds of training programs for organisations like Godfrey Philips, ITC, Network Ltd., PCL, IRCON, RITES, British Gas, Coca-Cola, HCL-Perot, and STC. In addition to his teaching work, he has also served as a consultant for Modi Rubber Ltd., Godfrey Philips, BPL, Dynamic Fashions, Personal Point and Plan International. He has also undertaken sponsored research projects for the erstwhile Planning Commission of India and National Knowledge Network. He has served as an Independent Director on the board of several companies, and has published over twenty research papers in reputed national and international journals, and guided ten research scholars for their doctoral work. He has also been the recipient of the prestigious IBM Global faculty award in 2015 for research on 'technology-driven assessments in schools'.

About IIT Delhi

as per QS World University
Rankings (2024) in India

as per NIRF India
Management Rankings (2023)

The Indian Institute of Technology Delhi (IIT Delhi) is one of the 5 initial IITs established for training, research and development in science, engineering and technology in India. Established as College of Engineering in 1961, the Institute was later declared as an Institution of National Importance under the "Institutes of Technology (Amendment) Act, 1963" and was renamed as "Indian Institute of Technology Delhi". It was then accorded the status of a Deemed University with powers to decide its own academic policy, to conduct its own examinations, and to award its own degrees.

Since its inception, over 48000 students have graduated from IIT Delhi in various disciplines, including Engineering, Physical Sciences, Management, Humanities and Social Sciences. Of these, nearly 5070 received PhD degrees. The rest obtained a degree in Engineering, Sciences and Business Administration. These alumni today work as scientists, technologists, business managers and entrepreneurs. There are several alumni who have moved away from their original disciplines and have taken to administrative services, active politics, or are with NGOs. In doing so, they have significantly contributed to the building of this nation and to industrialization around the world.

About Continuing Education Programme (CEP)

Executive education is a vital need for companies to build a culture that promotes newer technologies and solutions and builds a workforce that stays abreast of the rapidly transforming needs to the technological, business and regulatory landscape. Committed to the cause of making quality education accessible to all, IIT Delhi has launched Online Certificate Programmes under eVIDYA@IITD (ई-विद्या@IITD): enabling Virtual & Interactive-learning for Driving Youth Advancement@IITD for Indian as well as international participants. These outreach programmes offered by the Indian Institute of Technology Delhi (IIT Delhi) are designed to cater to the training and development needs of various organisations, industries, society and individual participants at national and international level with a vision to empower thousands of young learners by imparting high-quality Online Certificate Programmes in cutting-edge areas for their career advancement in different domains of engineering, technology, science, humanities and management.
